What Do You See?
(Ages 4 - 8 years)

INSTRUCTIONS
Find these 10 items on the next page. Print and color them in the drawing.
Have fun bringing the Ecology Trail to life!

EXTRA CHALLENGE
Use your color pencils and artistic skills to color this page with camouflaging techniques (this is when nature blends-in with its surroundings) to make the hidden objects even more difficult to find. Challenge your brother, sister, or a family member to find them in the illustration!

@HOME
Walk around your own house or yard and find things that are “hiding,” camouflaged, or are difficult to find. You can make your own scavenger hunt with a list of your hidden objects for a family member to find.

Answer Key pg.3

1. Pencil
2. Owl
3. Coyote
4. Hummingbird
5. Binoculars
6. California poppy
7. Butterfly
8. Magnifying glass
