Notice: Information and Documents Related to Your Permit Application may be Publicly Available under the Freedom of Information Act (FOIA)

Your application, information contained therein, and the permit you are requesting may be subject to disclosure under the federal Freedom of Information Act (“FOIA”), 5 U.S.C. §552. Under the FOIA, many government records are available to the public upon request, and only certain limited categories of information submitted to and in possession of the federal government are exempt from disclosure. In your application and permit you must properly identify all information that you believe is exempt from disclosure under the FOIA. Information that is not properly identified may be released by the Trust without further review or consultation with you. Information that is properly identified may be released to a public requester under the FOIA only upon a finding by the Trust or by a court that it is not, in fact, exempt from disclosure.

Among the FOIA exemptions that may apply to information you submit is one that exempts “trade secrets and commercial or financial information obtained from a person and privileged or confidential.” 5 U.S.C. §552(b)(4). Courts have further defined these terms in specific situations. You may wish to seek legal advice on this and other FOIA issues, including other exemptions that may apply to the information you submit.

If your application or permit contains information you believe is exempt from disclosure under the FOIA, you must provide a cover sheet for the application and permit (and similarly for each additional document, if any, submitted with the application) with the following legend:

The information specifically identified on pages ____ of this document constitutes information which the submitter believes to be exempt from disclosure under the federal Freedom of Information Act. The submitter requests that this information not be disclosed to the public, except as may be required by law.

You must also specifically identify the information on each page of the application and permit on which it appears and must prominently mark each such page as follows:

CONTAINS INFORMATION THAT IS EXEMPT FROM DISCLOSURE UNDER THE FOIA

You must also submit to the Trust an additional complete copy of your application and permit marked prominently on the cover as a “REDACTED COPY” with the information that you believe is exempt from disclosure permanently redacted such that this Redacted Copy may be released to the public without further review.

Failure to identify information in your submittal and/or failure to redact information from the Redacted Copy you submit will be treated by the Trust as a waiver of your claim to exemption from public disclosure under the FOIA for such information.

If a request of the Trust under the FOIA seeks access to information in the application and/or permit that you have identified as exempt from disclosure under the FOIA, the Trust will notify you at your current address on file with the Trust in accordance with Executive Order 12600, and the Trust will provide you with an opportunity, on an expedited basis, to submit additional evidence and written argument in support of your position. If the Trust determines that some or all of the information claimed by you to be exempt from the FOIA is, in fact, subject to disclosure by the Trust under the FOIA, the Trust will notify you of this determination before the information is released. In order to receive notice in such situations, you must ensure that the Trust at all times has your current mailing address, phone number, facsimile number (if any), and electronic mail address (if any).
